Checks Returned Unpaid

The following pertains to all check payments that are returned unpaid for any reason:

**Return Check Fee**
Per Commonwealth of Virginia statute, the return check fee is $50.

**Multiple Return Checks**
Repeat return checks may result in the restriction of this payment option for future semesters.

**Past Due Balance/Hold Release**
Checks used to pay past due balances and/or to release holds for registration that are later returned unpaid by a financial institution may result in the cancellation of classes.

**Financial Holds**
Returned checks that create a balance will be sent a written or electronic notice, and a financial hold will be placed on the account until the balance is paid in full. Certified fund payments such as cash or cashier's check are required for immediate hold release. Waiting periods will apply for other payment methods.
